# CITY COUNCIL BUYS HEAVY EQUIPMENT

Pictured above is the 1960 Chevrolet of Max Edward Cole, of Hardin, after it left the road near Dexter last weekend and traveled some 600 feet before coming to a rest. Oddly enough Cole suffered only minor cuts and bruises as he was thrown from the car. Sheriff Woodrow Rickman and Chief of Police Burman Parker are urging great caution in the driving of automobiles in Calloway County. "Life is a precious thing—something we don't really miss until death strikes close to home," they said. The two law enforcement officers urged that holidays and vacations be enjoyed, but that great care and caution be used. "The life you save may be your own," they said.

## Seen & Heard Around MURRAY

The Dawson Springs Progress had an interesting report this week on the ironing parlors, which may be drawn between the deaths of Lincoln and Kennedy.

Somebody did some research on the two assassinations and came up with the following.

1. Both presidents were concerned with civil rights.
2. Lincoln was elected in 1860. Kennedy was elected in 1960.
3. Both were slain on a Friday and in the presence of their wives.
4. Their successors, both named Johnson, were Southerners. Democrats and had served in the U. S. Senate.
5. Andrew Johnson was in 1868. Lyndon Johnson was born in 1893.
6. John Wilkes Booth, the assassin of Lincoln was born in 1839. Lee Harvey Oswald was born in 1939.
7. Both Booth and Oswald were Southerners, favoring unpopular causes.
8. Both slayers of Booth and Oswald (Baton Oubeth and Jack Ruby) murdered the two assassins before their trials.
9. Both presidents' wives lost children through death while living in the White House.
10. Both men were shot in the head.
11. Kennedy's secretary was named Lincoln and Lincoln's named Kennedy.

The one big difference in the two assassinations however is that Lincoln was shot by someone who thought he was doing the south a favor and Kennedy was shot by someone whose motive we will never know. Personally we do not think Kennedy's assassin had any one motive. We think his leading motive was one which grew from his communistic teaching and learning, not from any civil rights thinking.

Jack Ruby did the entire nation a disservice when he shot Oswald because he robbed the nation of an opportunity to learn the motive.

## Towing Firm Wins Suit In Civil Action

A civil suit tried Wednesday in Calloway Circuit Court was won by Paducah Mid-Streams, a tow boat firm. The firm was sued by the Robert Hall Estate, John Gregory, Administrator, for the sum of \$160.00.

The suit involved an accident which occurred in August 1962. A tow boat of the firm was in the area of the non-com camp on Kentucky Lake when a motor boat containing two boys appeared near the boat. According to testimony the motor on the boat failed and the two boys jumped clear of the boat to avoid being run down by the tow boat. The tow boat hit the side boat as the two swam clear one of the boys, Robert Hall, drowned.

In a directed verdict, the jury found for Mid-Streams. The case of J. L. Kinley, charged with malicious cutting with intent to kill was continued until the next term of court.

Junior Williams, who was sentenced to one year for child desertion was probated for three years. Charles Peeler, who had been sentenced for storehouse breaking, received a probation of three years.

## Two Arrested For Racing Near Hardin

Kenneth Green, Murray and Jimmy Fulton, R. 3, Benton were arrested and fined \$50 plus costs for drag racing on the highway between Hardin and Brewers at midnight Sunday.

State Trooper Glavinus Rogers saw the boys drag racing and had to drive at speeds exceeding 100 miles per hour before he caught them.

The two were taken before County Judge John Rayburn of Marshall County.

The boys 17 and 18 years of age had six points against their drivers licenses as a result of the conviction and Green lost his license because he already had ten points against his.

"If more of these youngsters realized the seriousness of their action and the possible consequences of such things, they'd stop it," said Judge Rayburn. "The fine for drag racing is fifty to two hundred dollars and puts six points against the offenders license."

"This along with the terrible risk to their lives and the lives of other motorists should put a stop to speeding and this dragging."

## Women Holding 36.6 Per Cent Of Jobs In Murray

(Special to the Ledger & Times)  
NEW YORK, May 25 — To a greater extent than ever before, Murray women are getting away from their homes and are taking jobs in offices, stores and factories.

With each passing year the number of women at work has grown larger, to the point where now about one out of every three persons in the labor force is a woman.

Details on this feminine march into the labor force, as it affects the local area and other sections of the country, come from the Department of Commerce, from the Labor Department and from other sources.

The latest official count shows 36.6 percent of all jobs in Murray to be held by women.

The proportion is greater than that reported for most parts of the United States, where the average is 32.7 percent. In the East South Central States, it is 32.2 percent.

The wide participation of women in all fields of industrial activity is noted in every area of the nation. They are to be found in most technical and professional fields as well as in Congress, on assembly lines of factories, on farms, in stores, banks, schools and even the armed forces.

Approximately 1,404 Murray women are now employed, full-time or part-time outside the home, or are looking for such work, according to the latest Government estimate.

### TOURISTS COMING

**D**UE to the comments over certain practices of the Tennessee Valley Authority in obtaining "between the lakes" property for the development of a national park, we take special pride in publishing the release from Knoxville that accommodations for the first tourists owning their camping equipment will be available next Monday, June 1st.

The lake on the Cumberland River will not be impounded until Barkley Dam is finished, of course, and that is another year off. But beautiful camp sites are already available along the shores of Kentucky Lake and TVA will make camping facilities available to tourists this year as rapidly as possible.

Critics of the "Land Between the Lakes" national park recently pointed out the federal government already owns 42 per cent of all the forest land in the continental United States. Those who "view with alarm" anything that hints at conservation of our natural resources and wildlife have asked just how many national parks were made possible by federal acquisition of the forests lands under legislation first adopted during the administration of the late President Theodore Roosevelt. The answer is, of course, all of them. So far as we know the "Between the Lakes" national park will be the first established since 1930 by any federal agency. Billions have been expended for army camps, defense airports, sniparars, highway rights-of-way, housing projects and for practically every other public use, EXCEPT NATIONAL PARKS.

TVA was chosen to develop the "Land Between the Lakes" park because of its efficiency in acquiring land, for eliminating graft and corruption, and for its record as the biggest and best profit-making agency of the federal government.

We believe it will do a good job in developing the "Land Between the Lakes" as the greatest inland vacation spot in the nation.

### TV CAMEOS: Eileen O'Neill

## The Loveliest Cop on the Video Beat

By ED MISUREL

**"T**HOUGH the years may Irish cops have won renown as police forces all over the country. But none, perhaps, has enjoyed more popularity or stands out so well as long-travelled, shapely Eileen O'Neill. The ever-all picture she presents should be enough to stun any criminal into immediate surrender.

As they say down at headquarters—let's check the facts. She's 5 feet, 6½ inches tall, weighs 124 appropriately placed pounds, has brown hair, blue eyes and is 23 years young. If you'd like to check yourself, just pull up a chair to your TV set and look in some night on ABC's "Burke's Law."

The odds should be in your favor, for Eileen has played a running role as Sergeant Ames in 20 out of this season's 32 segments. She's slated to follow suit in about the same proportion in next season's program.

"I GOT the job last year," explained Eileen, "when I turned up to try for a small role in one segment. I auditioned for producer Aaron Spelling and he said no, but before I could even feel a twinge of disappointment he offered me the role of Sergeant Ames. I promptly accepted."

"Ultimately, I hope to be a movie star, so what better way can you learn your craft than by working regularly at it. TV is a good medium since it gives lots of actors this opportunity. It's a fine workshop—and I don't mean that disparagingly—for new people, including myself."

On vacation during a six-week seasonal break, Eileen was in New York briefly before going on to visit her parents in Philadelphia. When she returns to the west coast, she plans to go to police headquarters in Los Angeles to hone up on how real policemen perform their duties.

"A number of dates had been made for me to do this during the past season," she related, "but our shooting schedule was tight and they were broken. I learned how to handle a rifle while making a movie in India a while back, but I've had no experience with a pistol. I expect that I will pick up pointers

on pistol-shooting and other police matters that will help me in some of next season's shows."

An intelligent, articulate girl, Eileen has been nurturing her career slowly. Following her graduation from Little Flower High School in Philadelphia she became a model. In addition to modeling chores, she worked on The Joe Pyne local TV show. About three years back, she decided to try her luck in Hollywood.

She soon won roles on such TV shows as "Roaring 20s," "Guestward Ho," "The Red Skelton Show" and "I'm Dickens—He's Fenster." After playing a small part in "Majority of One" she was offered a lead in another production.

After looking over the script, Eileen decided she wasn't ready. For the next year, she studied dramatics under Les Mahoney.

## Dear Abby... It's Foolishness!

Abigail Van Buren

DEAR ABBY: In June of 1962 I was visiting a friend who is an older woman and a member of my church. While sitting on her front porch she looked down at my hands and a very frightened look came across her face. She then proceeded to tell me that the lines on my hands revealed that I should watch out for chest and respiratory infections. Then she said I should not sing in the church choir because of this possible chest trouble. But what bothers me most is that she told me I could expect some very bad luck in the summer of 1963. I just can't shake this thought, and am walking around like a condemned woman. Should I believe her? Would you call it witchcraft?

DEAR ABBY: You can sure tell a lot about people by the way their children answer the telephone. We have taught ours to ask "WHOM IS CALLING, PLEASE?"

For Abby's booklet, "How To Have A Lovely Wedding," send 50 cents to Box 69700, Los Angeles, Calif. 90069. For a personal reply, enclose a stamped, self-addressed envelope.

## Workshop Meeting Held By Group

The department chairman, Mrs. A. W. Russell, presided at the meeting.

Refreshments were served by the hostesses who were Mrs. John Reddy, Mrs. K. T. Crawford, Mrs. James C. Williams, and Mrs. H. J. Bryan.

DEAR ABBY: Last Christmas my husband and I received gifts from my brother and sister-in-law, who are over in Germany. I fooled around and never did get around to writing to thank them. Is there anything I can do now?

DEAR ABBY: Yes. You can write and apologize for your tardiness, and thank them. Better late than never.

DEAR ABBY: Tell the woman whose neighbor shocked her by wearing flesh-colored elastic swim trunks in his yard to sun-bathe and do his gardening that I have a neighbor who tops hers. He wears

The third recipe, Quick Company Casserole, sparks the meat with the zesty spice of Tabasco, the liquid red pepper.

**LION-SIZE MEAT LOAF**  
6 lbs. ground beef  
1 tsp. monosodium glutamate  
2 tsp. salt  
1 tsp. pepper  
2 tall cans (12 1/2 c. each) evaporated milk  
5 c. catchup  
6 c. soft bread crumbs  
1/2 tsp. each thyme, savory, marjoram  
1 large onion, finely chopped  
onion rings

Sprinkle beef with monosodium glutamate, salt and pepper.

Four evaporated milk and catchup over bread crumbs in mixing bowl. Add herbs, beat until blended; mix in onion.

Add ground beef mixture; mix until lightly blended.

Turn into 16x11x4-in. loaf pan or into two 9x5x3-in. loaf pans.

Bake in mod. oven, 350 F., for 1 hour and 45 minutes.

To serve, garnish with onion rings.

Serves 24.

**TREASURE BURGERS**  
1 lb. ground beef  
1 tsp. monosodium glutamate  
1/2 tsp. salt  
1/4 tsp. pepper  
4 tsp. pickle relish  
1/2 tsp. salt  
1 c. raw rice

LION-SIZE MEAT LOAF will serve 24. Make it in one large pan if company is coming or bake it in two small pans for the family. Serve one and then freeze the other.

or 4 tsp. chopped onion or 4 slices American cheese

In bowl, break up meat with fork. Sprinkle with monosodium glutamate, salt and pepper. Toss gently with fork to distribute ingredients.

Shape into 8 thin patties. Spoon 1 tsp. of desired filling (pickle relish, etc.) on each of 4 patties and press edges together to seal.

Pan-fry, broil or grill to desired doneness. Serves 4.

**QUICK COMPANY CASSEROLE**  
1 lb. ground beef  
1/2 c. minced onion  
2 tsp. salt  
1/2 tsp. Tabasco  
1 c. raw rice

A QUICK COMPANY CASSEROLE of ground beef, onion, stewed tomatoes, rice, bouillon and Tabasco is delicious.

Chestnut should be widened from Fourth to 18th.

Gail Houston will be near her brother when she goes to Mayo's Clinic to do social work. Dr. Hal Houston is at the same clinic.

Planted some good seed about three weeks ago and waited around for them to come up.

After waiting for about two weeks we could stand it no longer and dug down to see what was going on. The seeds were green inside, so we covered them up again and a few days later up they came.

Probably should have soaked them in water for two or three days before we planted them.

After planting the seeds, we find there are several good fanciers in town.

Wells Overbey has a number of fine specimens.

Goats grow into many shapes and sizes, from tiny orange and green kind to the huge half-bushel size. Some are twisted and some straight.

Carroll Farmer gave us one a year ago that is bulbous at the bottom, then tapers out to about two feet.

Best known probably is the one from which pitchers are made.

## Fishing Good

FRANKFORT, Ky. (AP) — The state Department of Fish and Wildlife Resources reported today that black bass are leaving the news and white bass activity in the jumps is increasing daily as black bass, white bass and crappie continue to hold top spots for Kentucky weekend fishing.

Kentucky Lake — Black bass are featured by casting surface and shallow running lures over fallen trees and mud banks. Bluegill fishing is good on worms in the bridge area. Fishing for white bass just fair. Below the dam — Crappie and white bass most productive by still-fishing minnows.

# An investment in Your Future

# ATTEND CHURCH

"For where your treasure is, there will your heart be also"

## PORTRAIT OF THINGS TO COME

On the grounds of the State Fair of Texas, above the streets and treetops, there runs a Monorail, portrait of the type of urban transportation that may come in the future

How swiftly a multitude of wondrous discoveries has come in the last fifty Years. What amazing things God has in store for us — how exciting the future under God.

The scriptures say that "men have not heard, neither hath the eye seen, what he hath prepared for them that waiteth for him."

Let us show our thankfulness for His goodness by being in church this Sunday.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny, the truth which alone will set him free to live as a child of God.
